profiles can display  
visited water  
fountains if the user  
wants to share that  
information

## MAP

water  
fountain  
reviews

information  
about water  
fountain  
(temp, bottle  
fill, water  
pressure)

best water  
fountain route  
(by rating)  
from point A  
to B

water  
fountains  
on route

favorite a  
specific  
fountain

cleanest  
water  
fountains  
in area

locally  
download a  
copy of the  
map (pdf, jpg,  
png, etc)

map  
themes

## USER

account  
optional,  
app starts  
on map

Are you  
tired of  
the Ads?

amount of  
water per  
day

Allows you to  
check  
fountain  
popularity  
(daily visits)

Making  
account lets  
you keep  
favorites  
across devices

Account  
required to  
post reviews  
to prevent  
spam

Achievements  
based on how  
many  
different  
fountains you  
visit/review

Users can  
make names  
for water  
fountains and  
vote on the  
best ones

## USEFUL TOOLS

direct  
complaint  
line to  
university

hydration  
timer  
(duolingo -  
drink water or  
teddy gets it)

Tool to keep  
track of all  
forms of water  
intake

suggest  
songs  
based on  
walk time

Notifications to  
remind you to drink  
water when it  
detects you have  
been walking for a  
long time or  
weather is hot

Will not open if it  
detects reddit on  
your phone  
(promotes healthy  
habits)

Emergency  
services  
report button  
if you pass out  
from  
dehydration

Users can search for  
fountains based on  
names/temp/quality  
etc.
